

Bunker Partner/ Bunker Manager for Nolu Energy in Fredericia

Explore exciting opportunities and contribute to the growth of Nolu Energy as a Bunker Manager. Despite the youth of the company, our owner has 25 years of industry experience possessing extensive knowledge in trading, management and development. The foundation has been successfully established, and the company is primed for expansion.

Join our ambitious venture and leverage your expertise to drive success in this dynamic role.

Your Role:

As our Bunker Partner/Manager at Nolu Energy, your primary responsibility is to cultivate, develop and manage relationships with clients and suppliers, ensuring their satisfaction and success. Actively engage in knowledge acquisition and sharing within the team to enhance the overall expertise of the company. Proactively approach in your interactions with customers and business partners, emphasizing effective project execution, innovative problem-solving and a commitment to professionalism in a dynamic environment.

Main Responsibilities:

- Develop and cultivate relations with stakeholders
- Conduct outreach to potential clients
- Analyze market trends to make informed decisions
- Stay updated on industry developments

Professional Qualifications

We anticipate candidates with relevant experience in bunker trading or bunker procurement, providing a solid understanding of international shipping and commodity markets. A natural keen interest in the shipping market is essential.

Qualifications:

- Minimum of 3 years of bunker trading experience
- Positive and driven team player
- Detail-oriented with a focus on cost-effective solutions

Our culture: At Nolu Energy, we prioritize a culture of knowledge sharing and innovation, fostering strong cohesion in both daily interactions and at social events. Join our dynamic and growing company where you can exert influence and express yourself personally. Access a wide network of industry professionals. Compensation in accordance with qualifications, and partnership potential for the right candidate.
